San Diego, CA 92112-9261

**Subject: Request for Extension to Submit a
Corrective Action Plan**
ARCO Facility No. 3037
915 Camino del Rio South,
San Diego, California
SAM Case No. H05125-002
APN: 438-060-20

Dear Mr. Martinez:

SECOR International Incorporated (SECOR), on behalf of Atlantic Richfield Company (Atlantic Richfield), is requesting an extension to submit a corrective action plan (CAP) for the subject site. The CAP was requested by the County of San Diego Department of Environmental Health, Land and Water Quality Division, Site Assessment and Mitigation Program (SAM) in a letter dated July 21, 2005 (attached). The SAM requested that the CAP be submitted within 90 days of the date of the letter. During September of 2005 SECOR personnel collected groundwater data to assist in an evaluation as to whether remediation by natural attenuation is a viable remedial alternative. SECOR is requesting an extension of approximately 45 days to incorporate these data into the pending CAP. If you have questions or concerns, please contact Bradley Eisenberg at SECOR at (619) 296-6195.

Respectfully submitted,

SECOR International Incorporated

Bradley G. Eisenberg
Senior Project Manager

BGE/MR/

cc: Roy Thun, Atlantic Richfield

Attachments: SAM letter dated July 21, 2003.

ASSISTANT DIRECTOR

July 21, 2005

Mr. Roy Thun
ARCO Products Company
6 Centerpointe Dr.
La Palma, CA 90623-1066

Dear Mr. Thun:

UNAUTHORIZED RELEASE H05125-002
ARCO NO. 3037
915 CAMINO DEL RIO SOUTH, SAN DIEGO, CA 92108

The staff of the County of San Diego, Site Assessment and Mitigation Program (SAM), has reviewed the *Arco Quarterly Groundwater Monitoring Report*, prepared by SECOR on April 15, 2005.

SAM concurs with your consultant's conclusion that assessment of the Unauthorized Release at this site is complete. Petroleum hydrocarbon concentrations in groundwater exceed Maximum Contaminant Levels for a site located within a beneficial groundwater basin. Consequently, SAM requests that a Corrective Action Plan (CAP) be prepared to determine the most cost-effective cleanup method for this site.

Within 90 days of this letter, please submit a CAP as requested above. If you have any questions, please call me at (619) 338-2456.

Sincerely,

DANNY MARTINEZ, Registered Environmental Health Specialist
Site Assessment and Mitigation Program
